

Musical Dice Game

Nikolaus Simrock
W. A. Mozart (alleged)

Material needed:

2 dice (You can find them online) (if you're an RPG player, that's 2d6)
Musescore 3+ (if you're reading this, I believe you already have it)

How to play:

1. Download this sheet in Musescore form and open it in Musescore
2. Open a second score on Musescore (Ctrl+N should work)
3. Throw both dice at the same time
4. Look the sum of the dice in the chart below
5. Copy and paste the measure with the chart number into your second score (when you click in a note, the measure number is visible below)
6. Rinse and repeat until the end of the chart (your song should have 16 bars)
7. You have a minuet! (it's technically a trio, but it's a minuet)

Example:

I Throw my dice and got 6 and 6 (sum is 12)

I look at column A, row 12 (my sum) [look, measure 54]

Select measure number 54, copy it and paste in my new score

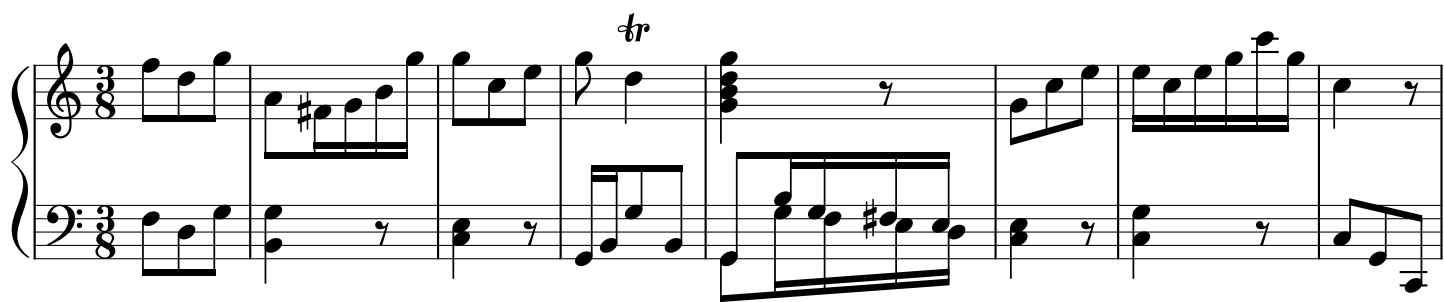

Second time, i got 4 and 6 (sum is 10)

Column B, row 10. Measure 142.

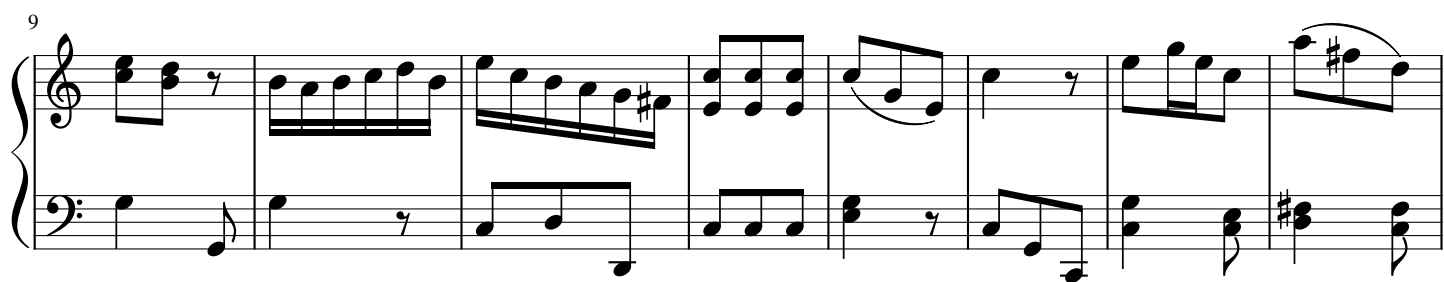

And so on...
